### Elementary Parent Permission Form For Online Publishing of Student Work And/Or Participation in an Online Project

Student Name: \_\_\_\_\_ School: \_\_\_\_\_

#### Online Publishing of Student Work

I understand that our daughter or son's art work, writing, audio presentation and/or video presentation is planned to be published on the District web site, blog site and/or wiki. Work will be published with first name only; no last name, home address or telephone number will appear with such work. This permission is to support our continued policy of exhibiting quality student work and to further communication with parents and community.

- I grant permission for the District Web Site publishing as described above until **September 15, 2012**.
- I do not grant permission for the District Web Site publishing as described above.

\*All work will on the district website appear with a copyright notice prohibiting the copying of the art or written work without express written permission. In the event anyone requests such permission, those requests will be forwarded to the parent.

#### Participation in Online Project

Your daughter or son's class may be asked to participate in a teacher directed, online project involving web sites such Voicethread, Google maps, Shelfari, Live @ Edu, and Artsonia to enhance the curriculum. If the site requires an email account, a single teacher owned email will be set up for student use. Teachers planning on utilizing these online tools or others, will notify parents by email prior to launching the project.

- My child may participate in teacher directed online projects as outlined above. My child will use a generic teacher account responsibly in the context of this project as outlined by his/her teacher.
- I request that child not participate in online projects and work with his/her teacher to using an alternate method.
