AUCTION CATALOG

SCHEDULE AND INFORMATION

Welcome

Thank you for attending Island Park Elementary School's Hand-In-Hand Celebration Fundraiser. Tonight you will join our many friends, supporters, and community leaders as we come together for the common purpose of providing essential financial support for our Hand-In-Hand ParaPros. This annual event is a fantastic gathering of friends, and we hope that you will enjoy all that this evening has to offer.

The funds that we will raise at this year's auction are crucial to our mission. Your support is needed if we are to continue to provide this unique and valuable educational support to our teachers and our kids.

The addition of ParaPros at each grade level at Island Park Elementary effectively lowers class size for our kids. Their presence in our children's classes creates:

- more individualized instruction
- quicker educational assessments
- more in-depth instruction
- basic instruction covered in less time
- greater enrichment curricula

Our ParaPros greatly improve each and every student's learning experience at Island Park.

Thank you all for supporting the Hand-In-Hand program at Island Park. We are deeply grateful to be surrounded by such a wonderfully supportive school community.

Sincerely,
Debbie Hanson, Julene Levin, Anna Rudey & Rachel Schwartz

In Tar Beach, through her dreams and her ability to fly, Cassie makes things better for her family during the Great Depression. In the classroom, the students were encouraged to "fly" so they could become the adult they dream of. The words around the picture are the characteristics they would like to possess as an adult. The creations from Ms. Williams' 4th Grade Class have been combined in a wall piece that celebrate the kids' inspirations.
